

WELCOME BACK PATIENTS AND PARENTS!

WE HAVE TAKEN THE NECESSARY STEPS TO ENSURE YOUR SAFETY.

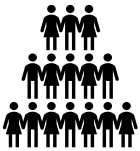

Our office is cleaned daily. Patient treatment areas are disinfected after each patient and other areas within the office are disinfected throughout the day.

We offer a “virtual waiting room” so patients can check in from our parking lot.

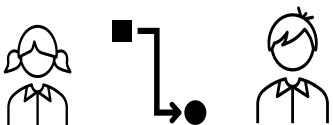

Patients receive a COVID-19 screening prior to their appointment and have their temperature taken upon arrival to our office. Our employee’s temperatures are taken daily at the start of their shift.

Employees are wearing masks and other personal protective equipment as needed. We also ask our patients over the age of 2 and parents to arrive wearing a mask.

Employees are adhering to proper hand washing. We ask that patients and parents adhere as well.

Patients and employees are practicing 6 feet of social distancing.

Our office has implemented a “COVID-19 Control Plan” for the safety of our patients and employees.
